May 15, 1846.

Polk's admission of having granted the pass.  
When orders were issued to the Commander of our Naval forces in the Gulf, on the 15th day of May last, only two days after the existence of the war had been recognized by Congress, to place the coast of Mexico under blockade, he was directed not to obstruct the passage of Santa Anna to Mexico should he return.  
Polk's Annual Message to Congress, Dec. 7, '46.  
It remains to be seen whether his return may not yet prove favorable to a pacific adjustment of existing difficulties.—Ibid.

#### DR. WOOD'S SARSAPARILLA AND WILD CHERRY BITTERS.

For the Permanent Removal of all such Diseases as take their rise in an Impure Blood, Impaired Digestion, Morbid state of the Liver and Stomach, Weakness of the Nervous System, and a disordered Habit of Constitution Generally.

A THREEFOLD VIRTUE.—By promoting circulation, strengthening the system and facilitating digestion, Dr. Wood's Sarsaparilla and Wild Cherry Bitters will restore the most confirmed invalid to health. Where either these effects are necessary to the restoration, the "Bitters" will be found to possess every quality desired. They have been used already with the greatest success, in many obstinate cases of impurity of the blood, nervous irritation, Dyspepsia, low spirits, Scrofula, palpitation of the heart, chronic headache and Rheumatism. They are indeed a happy combination of powerful, yet safe and salutary vegetable remedies, of a sterling and unimpeachable reputation. They have won their popularity solely by their intrinsic merits, and that they have been successful, numerous certificates to the hands of the proprietors, and the greatly increasing sales fully attest. Those desirous of an agreeable yet efficient tonic or alternative medicine, need seek no further, for in this preparation they will find all that is desired.

Sole Wholesale and Retail by W. R. WATTS & KETCHUM, 121 Fulton Street, N. Y. CHARLES STOTT, Washington, and by Druggists generally throughout the U. S. Price \$1. Large bottles.

TRIUMPHANT SUCCESS.  
CONSUMPTIVES, remember that it is Thomson's Compound Syrup of Tar and Wood Naphtha, which is daily effecting such remarkable cures in pulmonary consumption, asthma, bronchitis, spitting blood, pain in the side, breast sore throat, hoarseness, palpitation of the heart, whooping cough, croup, nervous tremors, hives, liver complaint, diseased kidneys, &c.

Therefore beware of all spurious mixtures of Tar or Naphtha, and purchase of the advertised agents only.

#### ANOTHER WONDERFUL CURE!

PHILADELPHIA, April 9, 1846.  
Last August a year, I caught a violent cold, in consequence of getting wet in a shower of rain. A circumstance so common gave me no immediate concern, supposing that I should soon get rid of it. On the contrary, however, I daily grew worse; a violent cough set in, then pain in my breast between my shoulders. I now suffered great oppression from the great secretion of purulent matter in my lungs. I became greatly alarmed; and my friends considered my situation extremely critical, the more so as loss of appetite, hectic fever, and night sweats rendered me as weak as a child, and at night the sweat literally poured off me! This was my condition when I commenced using "Thomson's Compound Syrup of Tar and Wood Naphtha." I procured one bottle, and extended it. It is now six months since I ceased using the medicine, and the cure remains perfect. I firmly believe this medicine is far superior to every other remedy for Consumption of the Lungs. J. J. CHAMBERLAIN, No. 8, Carberry street. Affirmed and subscribed this 9th day of April, 1846, before me.

JOHN SWIFT, Mayor of Philadelphia.  
This invaluable remedy is prepared only by Angell & Dickinson, (successors of S. P. Thomson) Philadelphia.  
Sold also by Charles Stott, Washington, B. Rush Roberts, corner Baltimore and Hanover streets, Baltimore; Duval & Purcell, Richmond, Virginia. Price 50 cents, or six bottles, \$2.50. Avoid all pretended imitations.

#### RESTORATIVE FRANCAISE.

LOUIS FONTAIN, jr., partner of the firm of Fontain & Son, Chemists and Prescriptionists to the Royal Academy of Paris, has established at Washington city, D. C., a depot for the sale of the above celebrated compound, at Wm. Adam's Bookstore, No. 3, Elliott's Buildings Pennsylvania Avenue, near Jackson Hall, which they offer to the American public as a sure antidote for Consumption, in its advanced as well as incipient stages. Acting directly upon the LUNGS, and arresting their decay, it not only soothes and quiets at once the distress and pain attendant upon this heretofore regarded fatal disease, but restores the lungs and their sympathizing organs, to natural and healthy action. Accompanying each package are general instructions and directions (translated) for its use, adapted to all cases, and if strictly followed, will not fail, in every instance—of the lungs are not wholly consumed—of restoring to health which may be permanently secured by future care and avoiding too much exposure to atmospheric changes.

Price, eight Francs.

For the information of persons residing in the interior; any part of the government—he would state that the remedy is prepared and imported direct from their Laboratory, Paris, and that the same can be transported through mail, so he is directed by officers of the Post Office Department, to any post office in the country, at the same charge as for a double letter. Any persons, therefore, residing distant from this city, who may wish to address themselves of the remedy, can do so by addressing him through the mail, post paid. Two dollars accompanying an order, will entitle a person to one whole and one third package.

LOUIS FONTAIN.

#### COLLETON BITTERS

THESE Bitters are purely a vegetable compound, and are offered to the public on principle of benevolence, under the fullest conviction that they will be found a safe and sovereign remedy for Dyspepsia. They have been triumphantly tested, not only by some of the most respectable families and physicians in the State of South Carolina, who have furnished ample testimony as to their decided excellence, but also by the proprietor, who, for ten years, suffered all the gloom incident to that stubborn and distressing disease. They possess the peculiar excellence, denied to most other Bitters, of not proving injurious by continued use. They contain not a single deleterious ingredient, and, as seen from the directions which accompany each bottle, may be given with entire safety to an infant in the month.

With pleasure, and for the benefit of mankind, I send you a certificate relative to the Colleton Bitters.

In the year 1838, when the cholera was in Charleston, S. C., I was compelled to send a servant to the city. On his return, he was suddenly attacked with most violent pain in his bowels, so much so as to cause apprehension that he would expire in a short time, if medical aid could not be procured. I immediately resorted to the Colleton Bitters, by giving a wine glass full at a dose. In the course of a very short time it acted as an emetic, and throwing him at the same time into a profuse perspiration. I then continued to give it in small doses, from two to three tea spoonfuls, which resulted in a happy recovery. Since then I have been using it constantly in my family, in cases of cholera morbus, cholera infantum, diarrhoea and general debility, and in every instance found it highly beneficial. Some constitutions, however, require much larger doses than others.

JOS. D. JENKINS.

Bluffton, S. C., 1846.

It is with feelings of gratitude as well as pleasure that I take this method of giving my testimony of the great estimation which I entertain for your invaluable compound. In justice not only to the medicine, but for the benefit of others who may be suffering from the same malady, Dyspepsia, with which I was for years afflicted, I feel it a duty incumbent on me to state that I am now restored to perfect health. When I commenced taking the Colleton Bitters it was as a last resort. My debility from indigestion was so great that a cure was looked upon as almost hopeless. After taking it regularly and perseveringly for some time, my strength and digestive powers were entirely restored. I have never taken a single dose of any other medicine for more than five years past. I can now eat the richest food without any unpleasant feelings whatever. I have also used Colleton Bitters freely in my family for cholera infantum, cholera morbus, general debility, and as a tonic after fever, with great success. As a family medicine I deem it invaluable, and do conscientiously recommend it.

#### Dr. Christie's Galvanic Rings and Magnetic Fluid.

THIS remarkable invention, which has received the almost universal approbation of the medical profession of Great Britain, comprises an entirely new application of Galvanism, as a remedial agent by means of which the ordinary Galvanic Batteries, Electric and Magnetic Machines, &c. are entirely dispensed with, and the mysterious power of Galvanism applied without any of the objections which are inseparable from the general mode now in use. The Galvanic Rings have been used with entire success in all cases of rheumatism, acute or chronic, applying to the head, face, or limbs; gout, tic-doloureux, toothache, bronchitis, vertigo, nervous or sick headache, indigestion, paralysis, palsy, epilepsy, fits, cramp, palpitation of the heart, apoplexy, stiffness of the joints, spinal complaints, lumbago, neuralgia, nervous tumors, dizziness of the head, pains in the chest and side, general debility, deficiency of nervous and physical energy, and all nervous disorders. In cases of confirmed dyspepsia, which is simply a nervous derangement of the digestive organs, they have been found equally successful. Their extraordinary effects upon the system must be witnessed to be believed, and as a certain preventive for the preceding complaints they are equally recommended. The rings are of different prices, being made of all sizes, and of various ornamental patterns, and can be worn by the most delicate female without the slightest inconvenience. In fact, the sensation is rather agreeable than otherwise.

THE GALVANIC BELTS, BRACELETS, BANDS, GARTERS, NECKLACES, &c. &c.—These articles are adapted to the waist, arms, wrists, limbs, ankles, or any part of the body with perfect convenience. The Galvanic Necklaces are used with greater benefit in cases of bronchitis or affections of the throat generally; also, in cases of nervous deafness; and with almost uniform success as a preventive for apoplexy, epileptic fits, and similar complaints.

Christie's Magnetic Fluid is used in connection with the Galvanic Rings, and all their modifications. This composition has been pronounced by the French Chemists to be one of the most extraordinary discoveries of modern science. Full explanations and directions accompany it. The combined inventions are in every way perfectly harmless; they are at prices within reach of all, and the discoverer is ready to give a fair trial, as a test of their surprising efficacy and permanent benefit.

CHRISTIE'S GALVANIC STRENGTHENING PLASTERS.—These articles form another valuable application of the mysterious influence of Galvanism. They are an important adjunct to the genuine Galvanic Rings and their modifications, acting upon the same principle, but having the advantage of more local application. They are confidently recommended as a valuable addition in the speedy cure of rheumatism, acute or chronic; in all nervous complaints, and as a positive remedy in cases of pain and weakness in the chest or back, pain in the side, in asthmatic affections, and in weakness or oppression of the pulmonary organs. In spinal complaints their effects are of the most decided character, and they have often been used with complete success. They are also of the greatest advantage in palsy and weakness of the breast, and are highly recommended for many of those complaints to which females are especially liable. As an efficient means for strengthening the system when debilitated with disease and other causes, as a certain aid in constitutional weakness, as a preventive for colds, and in all affections of the chest generally, the Galvanic Strengthening Plasters will be found of great and permanent advantage.

CAUTION. The celebrity and success of these articles have caused them to be counterfeited by unprincipled persons. Dr. Christie cautions the public against spurious imitations. He has but one authorized agency in each city of the Union, where the genuine articles can be procured. The only agents for Washington are—
